FAQ

Bookings, payments, & contracts

How do we book you through The Cabbage Tree?

Once you've booked your wedding at The Cabbage Tree, just mention you'd like to access the exclusive Captured by Bayley photography packages. You can get in touch with me directly to choose your package and secure your date.

Do we need to pay a deposit?

Yes — a \$500 non-refundable booking fee is required to secure your wedding date. This fee is deducted from your total, with the remaining balance due one week before your wedding.

How are our photos delivered?

All packages include a private, password-protected online gallery where you can view, download, and share your images. Your gallery will stay live for 6 months from the delivery date.

How long will it take to receive our photos?

Turnaround times vary by package:

- The Essentials: within 2 weeks
- The Classic & The Full Story: within 4-6 weeks
- For The Classic and The Full Story, you'll also receive sneak peek images within 48 hours of your wedding.

Can we print the photos ourselves?

Yes — your gallery includes high-resolution files that are ready to print anywhere you choose. You're also welcome to ask me for local print recommendations.

What happens if the weather is bad?

No stress — I'm experienced working in all kinds of weather and will make sure we still get beautiful images no matter what. We'll make a plan together that suits the day.

Do we get to meet or chat before the wedding?

Yes! The Classic and Full Story packages include a pre-wedding consult where we'll chat about your day, create a rough timeline, and make sure you're feeling prepped and relaxed. For Essentials bookings, I'm happy to communicate via phone or email.

Can we book an engagement session later on?

Absolutely. The engagement session add-on is \$150 and can be booked anytime before your wedding. It's a great way to get comfortable in front of the camera and capture some lovely pre-wedding memories.

Will you help with timeline planning?

Definitely — especially for The Classic and Full Story packages. I'll help you build a relaxed, realistic timeline that fits your photography needs and gives you space to actually enjoy the day.
